

BAYAPAY SOLUTION: TURN BUSINESS SPENDING INTO **BUSINESS GROWTH**

Take charge of your business spending with BayaPay. Designed to prevent fraud, cut costs & simplify expense management.

Manage every transaction in **real-time**.

Benefits for your business

Cashless Expense Payment Management

Take charge of staff expenses in real-time with the BayaPay Admin Dashboard. Set staff spending limits individually or in bulk — and let BayaPay handle the rest. Immediate & seamless payment transaction.

Back Office Operation Management

Shift from claim-based submissions to direct payment allocations for faster operations. Smart scheduling assigns the right vehicle to the right driver, GL mapping simplifies accounting postings. Efficiency & accuracy assurance.

Mobility Management

Know where your staff and vehicles are — anytime. Each check-in is GPS-verified, timestamped, and photo-enabled for complete accuracy and transparency. Real-time visibility, total accountability.

Event Logging Management

Staff can easily update task progress — from Start to In-Progress to Completion — all within the BayaPay Mobile App. Ideal for managing field teams on the go. Result oriented, progress documented.

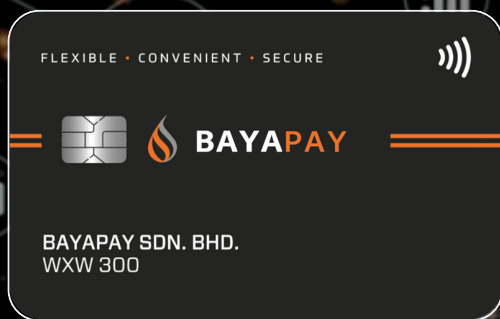

**Automate Expense
Management**

**Built-in Fraud
Deterrence**
